

Royal Haskoning is an independent, worldwide operating consultancy firm that has its origins in a firm established in 1881 in the Netherlands. The consultancy now has a staff of 3,000 who together combine a wide range of knowledge and experience. Rooted in a technical background, our consultancy services focus on the broad field of the interaction between people and their environment in the fields of spatial development, infrastructure & transport, architecture & building, mechanical & electrical services, environment, water, coastal & rivers and maritime. We are committed to working enthusiastically with our clients to achieve sustainable solutions in an increasingly complex society. The expertise and experience of our professionals in a variety of disciplines allow us to

consider all technical, logistical, architectural, legal, organisational, social, environmental and economic aspects of your project, in order to develop sustainable and practical solutions. Royal Haskoning has subsidiaries and partners throughout the world.

Posford Haskoning is the UK branch of Royal Haskoning. Through our branch and project offices in Europe and overseas, we have access to all major international markets. This way, Royal Haskoning offers multidisciplinary and integrated services locally, based on experience built globally. With our personal service in consultancy, we contribute effectively to the successful planning, design, implementation, commissioning and operation of your projects and programmes.

# building services

# industrial

Modern industrial activities are heavily dependent on Mechanical and Electrical services, ranging from power generation and distribution to compressed air and hydraulic networks, from heating and ventilation to electronic data handling and controls.

We at Royal Haskoning, through Posford Haskoning Ltd. and Haskoning Nederland B.V., have extensive knowledge and experience in providing these services to our industrial clients.

So, whether you manufacture, assemble, test or distribute automobiles, electronic equipment, food, beverages, pharmaceuticals or paint, we have the expertise to provide the Mechanical and Electrical infrastructure you need. We can bring our skills to you at many levels, all you need to do is contact us.
